

Dear Friends of Preservation:

It is time for the Quincy Preserves membership drive!

Please join us in renewing your membership, or if you are Quincy Preserves as a new member, welcome!

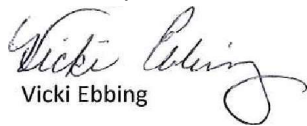

We need your support to continue our mission preserving our architectural wealth. Our only source of revenue is our membership dues and our historic tours. The funds raised from our tours and membership make a significant difference for local preservation in Quincy and Adams County. Our most important goal is to raise money to put back into the community while giving people the chance to experience some of our architectural riches and history. **Your membership is an integral part and does make a difference!**

Quincy Preserves supports facade improvement programs for commercial and a new residential grant as well as recognition of historic buildings through a plaque award. Each year scholarships are offered to college students to encourage their interest in historic preservation. Quincy Preserves has also helped other nonprofit organizations funding preservation projects.

In 2019 our planned tours are a Spring or Summer home and garden tour, a Fall home tour and a tour of Quincy Churches at Christmastime.

The membership form can be found at <http://quincypreserves.org/JOIN/JOIN-quincv-preserves/>. Please visit our website, www.quincypreserves.org and LIKE and Follow us on Facebook for updates and special announcements. For additional opportunities, please email info@quincypreserves.org

Sincerely,

Vicki Ebbing
